Dear Consumer:

Effective September 1, 2006 Third Coast Chemicals will increase the off-list prices for all grades of Propylene Glycol Dipropylene Glycol and Tripropylene Glycol by five cents per pound (\$0.05/lb) not to exceed the list prices outlined below. The continued strength in crude oil, natural gas and unprecedented propylene costs continue to necessitate these adjustments.

Third Coast Chemicals Propylene Glycol / Dipropylene Glycol/Tripropylene Glycol list prices are noted below:

Propylene Glycol Industrial	\$1.12 per pound, ex works, Port Neches, TX, freight collect
Propylene Glycol USP	\$1.15 per pound, ex works, Port Neches, TX, freight collect
Dipropylene Glycol Industrial	\$1.16 per pound, ex works, Port Neches, TX, freight collect
Dipropylene Glycol Low Odor	\$1.17 per pound, ex works, Port Neches, TX, freight collect
Tripropylene Glycol	\$1.35 per pound, ex works, Port Neches, TX, freight collect

List price is the bulk price (minimum 44,000 pounds), freight collect from Port Neches, TX. Terminal surcharges apply as follows: Plus \$0.03/lb, ex works all other terminals.

We value the business that you have shared with us and trust that you understand the need for this price increase. Please do not hesitate to contact your Third Coast Chemicals sales manager for further information. We look forward to supplying your future chemical requirements with quality products and service for many years to come.

Sincerely,
